A boundary marker between Suffield, Connecticut, and Agawam, Massachusetts.

Suffield is a very agricultural town, scenes like this are not uncommon.

Suffield High School.

Our Town Hall in the fall of 1997.

From Suffield:

*You were so nervous and excited on your first day of
school*

I wanted to tell you that everything would be fine

*I watched you make friends on the playscape
You learned to spell your name and count real high
And on my fields you learned to play
You rode your bikes on my streets
And ran barefoot through my grass
I wanted to tell you to cherish these days*

*You continued to grow and learn
I watched you through Spaulding, Bridge St.,
McAlister*

*You went to dances, movies, and Riverside
You walked to the library
And ate at Suffield Pizza*

*When you lost your friends in eighth grade
I watched you cry
I wanted to comfort you*

*You went to high school to find your niche
You dated and studied
You drove too fast and drank too much
Went to concerts and parties and basketball games
And you couldn't wait to take a shot at the real world
I wanted to tell you to slow down*

*And now you're standing proud in cap and gown
Your family and friends are proud of you
I am proud of you
And you don't need my grass to run through
And you will find new streets to drive on
And you don't need my schools, the world is your
classroom*

*I want to tell you so much
But I don't need to, you will be just fine
And I don't need to tell you to remember me
You always will*

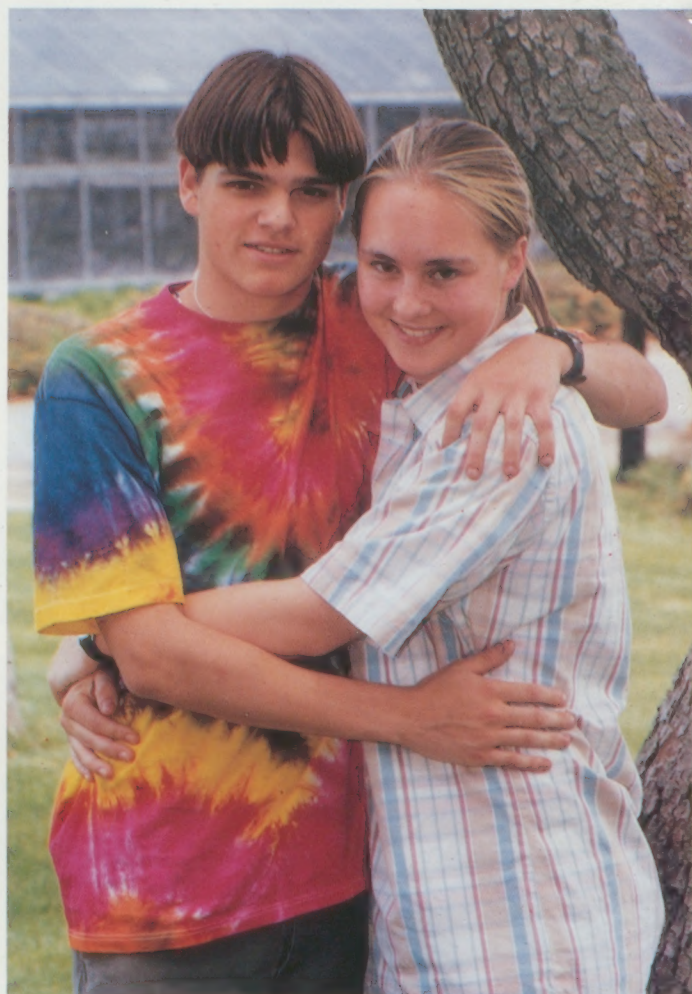

- Rita Leary

Our Vo-Ag program neatly landscapes the flag pole in front of our school.

Theme

"Like branches on a tree, we may grow in different directions, yet our roots remain the same and we'll always be a special part of each others' lives. Throughout the past years, the Class of 1998 has united, and many strong friendships have developed. As we leave Suffield High School and move on in our lives, each of us will take with us, the memories we have shared. Let us treasure these memories, and never forget those friends with whom they are shared."

- Susan Heffernan

The beautiful Hatheway House is one of the many attractions of small-town Suffield.

Tobacco is one of the major agricultural products grown in Suffield. In this picture, broadleaf tobacco can be seen hanging in a local farmer's barn on Hill Street.

A. Ward Spaulding School holds half the town's 1-2 grade classes, and all of the kindergarten and 3-4 grade classes.

Bridge Street School holds grade 1-2 classes for one half of Suffield's students.

This is the Cigar Indian located in the Suffield Village, it shows the agricultural roots of our town.

At the end of the year, Mrs. Reluga holds a tie-dying chemistry lab, where students can create various patterns on their tee-shirts. This is Mrs. Reluga's 96-97 A period Class: Front Row: Heidi Marinone, Jim Rice, Amanda Sikes, Dave Maslowski, Jenn Lavoie, Kristin Morse, Matt Kozloski, and Jenn Trowbridge; Back Row: Jen Motolo, Martin Kielasinski, Ryan Woods, John Carleton, Brendan Long, Travis Corley, Matt Clark, Mark Winiarski, and Conor Long.

Applied Economics students, Susan Heffernan, Matt Clark, and Conor Long are hard at work making signs for "Crossroads," our school store.

Amanda Sikes is reading a book for her Modern Communications project, in the library during Study Hall.

Heather Morrison smiles as she sees her progress report in Math class.

Kathleen Baker is carefully taking a measurement in chemistry class with Mrs. Reluga.

Justin Baldini works diligently on his latest masterpiece in Mrs. Peerless's Art class.

Mary Zanor (left) and Rita Leary (right) are hard at work on their "Determining Density" lab in Mrs. Reluga's honors level Chemistry class.

John Collins is busy taking part in a scene in his Drama and Acting class with Mr. Picard.

*"Hey my friend, it seems your eyes are troubled
Care to share your time with me
Would you say you're feeling low and so
A good idea would be to get it off
your mind
See, you and me have a better time than
most can dream..."*

-Dave Matthews Band

*"I get by with a little help from my
friends."*

-The Beatles

It's lunchtime at Suffield High, featuring: Mike Bloomrose, Dan Goodman, and Mark Winiarski.

Lynelle Lefferts is busy taking notes in class.

Apparently Joy Marlowe doesn't care for today's hot lunch choice.

Cara Alexopoulos is learning about first aid in Mrs. Lombard's Life Ed class.

Pete Gross, Sarah Berube (left), and Brielle Browne (right), are busy making signs for "Crossroads" our school store, in Mr. Katulka's Applied Economics class.

Kelly Quagliaroli and Chris Seekins are both sitting in Life Ed participating in a class discussion with Mrs. Lombard.

Natalie Noyes (right) and Mary Zanor (left) are both learning the values of CPR in Life Ed.

Friendship

"Over the past four years, we have all developed special relationships with our friends that are unforgettable. Our memories of high school with our friends, boyfriends, girlfriends, and teachers are in a period of time that will never be forgotten. Let us carry our memories and fun times we have had into our future, treasuring those friendships that we have had throughout the years."

-Patti Siano

Colors

Somedays I'm a flashing red-lively and joyous exploding like dynamite, full of life, energy and delight. But other days I'm a deep blue-cautious and shy, sleepy and worn out. Yet they're both real and they're both me!

Then You Were Gone

*It seems as though
you are still here,
existing in our lives.
We are just separated
for a while.*

*Good times we had
as well as some bad.
They were still times
we spent together.
At school or elsewhere,
those times we'll cherish forever.*

*Then one day God said, "It's time;"
and called upon you.
Not because you were bad,
But because you were special.*

*We all gathered one last time
to be with you.
We said a prayer.
As they laid you down to rest,
we asked God, "Why?"
God answered silently.*

And then you were gone.

Then You Were Gone

It seems as though
you are still here
standing in our lives.
We are just separated
for a while.

Good times we had
as well as some bad.
They were still times
we spent together.
At school or elsewhere
those times will cherish forever.

Then one day God said, "It's time"
and called upon you.
Not because you were bad,
But because you were special.

We all gathered one last time
to be with you.
We said a prayer.
As they laid you down to rest
we asked God, "Why?"
God answered silently.

And then you were gone.

Lasting Impressions...

One day you woke up and looked into the bright and hopeful eyes of your loving parents. Even though you were just born, they already had your entire life planned out. Eighteen years later, you sit in front of them sporting those blue and white caps and gowns, showing them your dreams, have finally come true. You'll look back at learning how to walk, learning to the first time you learned how to ride a bike without training wheels. You'll remember all the fights and quarrels you had with your brothers and sisters and all the times you got grounded. You'll remember the first time you had a crush, or your first dance. Who could forget that ever so special, and sometimes awkward first kiss? You'll remember all the friends you've made through your the of school and wonder where the time went. Doesn't it seem like a few days ago your parents were waiting at the bus stop with you for your first day of kindergarten? Remember all the times you felt so secure because you knew that you were going to school and then going home to a loving family? Starting in June of 1998, it's a whole new ball game. The world of opportunities and choices will be opened to you. Some of us know where we are going and for what, but some of us don't. There's one thing we do know; none of us are going on alone. We have our memories, our friends, our families, and none of that will ever leave us as we head into the real world.

-Christine Chmura

Advisor Appreciation

Overseeing, supporting, assisting encouraging, supervising; these are the qualities that a class advisor will strive to uphold. Having an open mind as well as having the knowledge of what works and what doesn't is what an advisor will bring to their class.

Mr. Katulka and Mrs. Nisbet have led us down the right path in our four years at Suffield High School. They have watched us learn, have seen us prepare, and have witnessed our growth. Decisions concerning individual students have been made with insight and succor. Their enthusiasm brought a unique motivation that the council often needed.

Their kindness and willingness to listen enabled us to truly enjoy all our success.

We appreciate them standing by our class and being our advisors. So as the Class of 1998 goes out into the world, let us not forget those two individuals, Mr. Katulka and Mrs. Nisbet. When we arrived at Suffield High School, they were our class advisors, and now as we depart, are our friends.

FACULTY

Our Devoted Leaders

Our Dean of Students, Ms. Sorsensen, not only loves interacting with kids, but is quite involved with her motorcycle. (Center Photo) Ms. Sorsensen bought her bike on February 14, 1997. She learned how to hold up her 500 pound bike by practicing in a school parking lot. After a short while, Ms. Sorsensen finally got on the road, and her comment about the experience was "It was heavenly!" Since then, she has taken day trips on her bike to the Berkshires. It is one of her great passions during her time away from school.

Coming

Mrs. Molly Baumann started her education at Boston's Childrens' Hospital. She worked with many children from all over the world. Some of the world's most renowned doctors came to treat some of the most serious and unusual cases ever imagined. While working there she started her own adolescent support group. Because of her love for children she wanted to continue to take care of them. Here she is cooking after a long hard day at the hospital.

He shoots on the army marksman team, and is First Sergeant in the 334th petroleum supply battalion, which means that he is in charge of 57 people to provide fuel in both war and peace time situations. Our Geniuses

Every summer Mrs. Reluga searches for a teacher program that will create a new learning experience. One of her most memorable was when she was selected out of a national pool to attend a teaching and research program at Los Alamos, New Mexico, where teachers were assigned to shadow a Ph D. The program was a total of eight weeks long and Mrs. Reluga made lasting friendships and gained more knowledge pertaining to her masters at Berkley. At this program she met one of her most respected peers, Glenn Sieborg, who won the Nobel Peace Prize for discovering Plutonium, and she was able to spend two days in his company.

BMX Superstar!

For the past four years, Brian Yeagle has been riding his bike and has worked up to what he is now, a

BMX Superstar. He performs many difficult tricks, such as the 360 degree spin, superman, barspin, one-handed cross-up, and the no footed can-can. His greatest accomplishment so far is the 360 degree spin on a 20ft. double. But who knows what's to come? He rides in many places like the Weasel's trail in Easthampton, trails in Enfield, Hartford, Springfield, and Cheshire, not to mention the track in his backyard which he built himself. Brian says "I dig new jumps." Brian Yeagle is a very talented junior.

The Drama Queen

Deb Brennan began acting in 8th grade. Her first experience was in Jesus Christ Superstar with the Exit 7 Players in Ludlow, Massachusetts. She was a member of the chorus and was also a dancer. This role was important to Deb because she has a strong backround in studying dance. Deb became involved with this production because she had seen the musical 3 or 4 times and also loved the movie. Once she saw the audition notice, Deb knew that she had to be a part of this. Deb has also been an indian in Peter Pan with the Exit 7 Players; a number of parts including a Guard and a Jitterbug in The Wizard of Oz, also with the Exit 7 Players; and she was in The Pushcart War with the Drama Club at McAlister Middle School. Deb is now helping the McAlister Drama Club. She is also looking for a more local musical production. Deb hopes to pursue this as a career in the future. By Mary Zanol

The Ice Skating Champ!

Julie Motolo first started skating at the age of twelve. Ever since she was little she would watch ice skating on T.V. She started

skating on her own pond near her house. She now trains two days a week for three hours each day. Julie has won many medals in competitions held in many places. She recently won first place at the Garren Invitational in Troy, New York. She states that "Watching skaters on T.V. looks much easier than it actually is."

Julie trains at the International Skating Center of Connecticut in Simsbury. Her coach is Kathy Callings who has helped her come as far as she is today. Julie skates with many Olympians, such as Victor Petrenko and Ekaterina Gordeera.

A LEAGUE OF THEIR OWN

The 1997 Girls Varsity season was both discouraging and rewarding. This season consisted of eight returning varsity players and eight newcomers. When the Varsity Softball team rallied up this year, they had to make some changes. They not only had to become familiar with one another, but they had to adjust to a new coach as well. Trying to play as a unit and trying to learn new techniques were two overwhelming tasks. Eventually, they all worked together and gained a better knowledge of the game, but it unfortunately took the whole season to do so. However, because they grew together as a team, next season looks to be a promising one.

Above: Laura Ward quickly scoops up the ground ball to make the play.

Above: Kim Moulton smashes the ball to score a home run for Suffield.

Never Be Satisfied!!

The Suffield High School Varsity Baseball Team has come a long way. As the team set in to a new season all of the players assembled together to create a winning team. The team was timid for the first couple of games and confidence was low, but after they figured out each others strategies they became more aware of what needed to be done. The team really works well together, when they put their minds to it. They rallied together and with every passing game, confidence built.

Back row: Coach Dan Sheridan, Joe Kowalczyk, Conor Long, Jeff Wingood, Adam Rearick, Gerry Miles. **Middle row:** Joe Ericson, Callum MacKinnon, Mike Tallis, Steve Winiarski. **Front row:** Tim Thoren, Justin Eisenhaure, Bob Quagliaroli, Benny Amenta, Steven Foy.

After a tough rebuilding year, the team solidified in May to play some good baseball. Lance Powell who spent half the season with Varsity, Jay Cote, Haydn Katz, and Dennis Berry batted over 300. Gavin Long led pitchers with two wins, both over Avon. Mike Rinaldi pitched the team's other victory. The teams record was 3-9.

The 1997 Girls J.V. Softball Team had a season of hard work and optimism toward next year. "Everyone is hard working and dedicated, we have a lot of fun," said Kiley Gosselin. Meg Parks agreed by saying, "our team definately has a lot of personality. We try hard and hopefully next year will be our year."

Days of Grace

The Girl's Tennis team had an exceptional team this year. With 1998 seniors Anita Kessler, Rita Leary, and Natalie Noyes this year will be the best yet. "What a great season Tennis had in 1997. With NCCC League Runners-up, 3 NCCC League Flight winners, 4 NCCC League Flight Runners-up, 3 undefeated individual seasons, 3 NCCC All Conference awards and a trip to the State Class S semi-finals. It was a season all Wildcats can be proud of." Said Coach Valerie Utton, who also keeps the girls very motivated. We can all say that we are very proud of the tennis Ladycats and they will do better this year than last. "We have a lot of dedicated and skilled players. Valerie is a great coach and I'm sure we'll do great again next year. "

Swinging into Action!

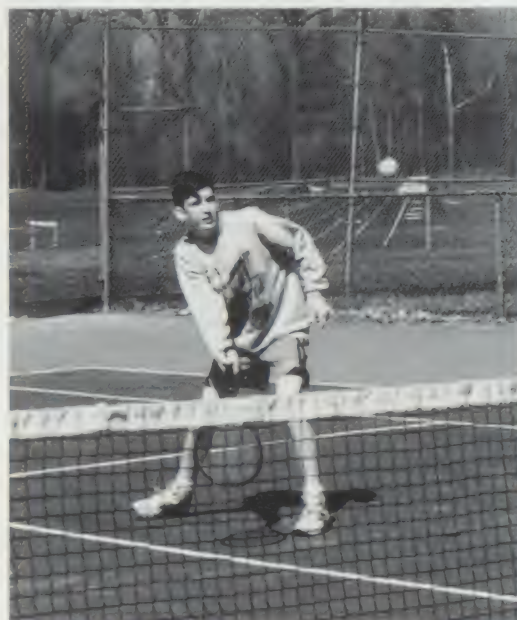

The Guys Tennis Team may not have been blessed with a large pod of top prospects, but each new and growing member had the potential that made the season a success. Not only was it a season of fun but also of demolition.

Run Like The Wind

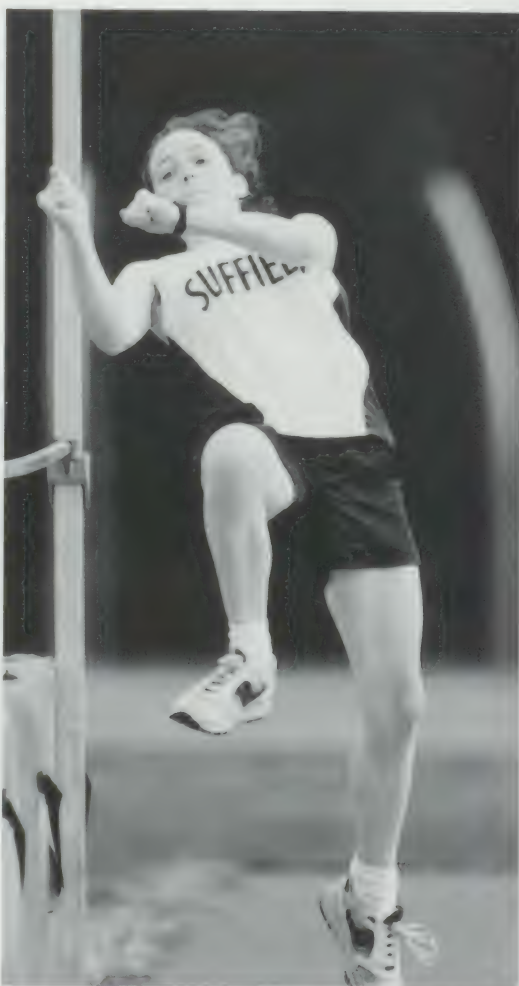

The Girls Track Team has had a tough season. With a large and unexperienced team Coach Corbett, Coach Sinicrope, did all they could to get the team together. Injuries and losses left the girls disappointed. The team stuck together and worked hard throughout the season. In the end the team was a success.

Tee Time

It was a rebuilding year for the Girls Golf Team. No one had ever played in a match before, but that didn't really bother anyone. At the Girls Golf Tournament in Meridan, June 3, 1997, faces were recognized when new friends met up again. Though the team only won one match, at home against Weaver, everyone improved tremendously! After meeting with golf pros and a little help from the guy's coach Fran Aniello, the girls developed fluid strokes and correct posture. If everyone comes back next year, the team is bound to have a great season!

Rise Above the Rest

The Men's golf team had a rebuilding season this year. "We have many young and talented players, lacking only in experience, but the following years look promising. The men's golf team hopes to gain more players in their next season. This team rocks. We are full of optimism for next year's season."

The 1997 Womens Soccer team season was one of many accomplishments. Our goal this year was to make the state tournament and to have an undefeated season. As returning North Central Connecticut Conference Champions, the Lady Cats worked hard to defend the title. The team was lead this year by Senior Tri-Captains Patti Siano, Rita Leary, and Aleda DeMaria. With only

five returning starters, and many injuries, the team worked hard to defend the NCCC title and closed their season with a 15-0-1 record, losing only to E.O Smith. The Lady Cats qualified for the State Tournament and were defeated by Coventry in double overtime, resulting in a penalty kick showdown. Although the team loses three seniors, they will be a strong team again next year."

Setting the Pace

The 1997 Men's Cross Country team had an exciting year. Matt Chaney and T.J. McCabe usually delivered a 1-2 punch with Jon Klaus and Travis Corley following closely behind. Led by first year coach Fergus Cullen, the team placed sixth in NCCC and an unbelievable fifth in "class SS" state meet, which Matt Chaney placed first. The 1997 Girls Cross Country team was the largest and most powerful we have had in years. The team had a winning season placing high in states and having a 6-5 record. Driving for Hidden Power Within

The Varsity Field Hockey team had to start with a brand new coach for the second year in a row. The skill and dedication of the team was at a very competitive level this year. We worked hard together struggling for a win. We didn't always win, but we were a great competition to the opposing teams. The seniors, Jill Morrison, Crystal Venturo, Laura Wysk, Elizabeth Strole, and Hillary Mathews, were great leaders for the team. They leave the team their support and their knowledge of the great potential that the team has.

High Expectations

The Girl's Junior Varsity Field Hockey team had a rebuilding season this year. We finished the season with a record of 0-8-4. Even though we didn't have a victorious season, we played well together, and had a lot of fun. Everyone worked hard and improved a lot this season. With the help of our coach Kelly Riley we got great experience and learned more about the sport.

The Cutting Edge

The hockey team came together this year with many newcomers. With each passing game the team came together and knew what needed to be done. The team was led this year by seniors Matt Clark and Bryan Castor. The team started out strong but due to loss of players the team had to compensate and were greatly helped by Mike DiRosa and Dan Harris. The team was assisted by two new assistant coaches, Mr. Giannuzzi and Mr. Hinkley. With all of the new players this year the team is sure to have a good season next year.

Taking Down The Competition

The 1997-98 Girls Basketball season proved to be an interesting one, with the arrival of a new coach, Mimi Parks, and a line-up consisting mostly of underclassmen. Captains Elisabeth Carew and Brianne Berriman as well as Jamie

Sullivan were the only returning varsity players. The team reached the tournament with the help of leading scorers, Jill Bizeau and Elisabeth Carew. Brianne's shooting and the rebounding of Jamie Sullivan, Jamie Bielonko, Erin Kilbride, and Nancy Hackenyos also contributed to the team's success.

Coming Back STRONG!

There has been a shocking recovery of the Varsity Basketball team with a midseason record of 9-5. (Last year's overall record was 2-18.) The team consists of one senior Russ Bombard, five juniors, four sophomores, and three freshman. With losing only one senior next year, the 98-99 season is one to definately look forward to. --Keegan Delk

Ski Team '98

The ski team was led this year by seniors Sean Garvey and Sarah Carney. Unfortunately our other senior Conor Long was not able to finish the season due to an injury. Our team is young this year and it'll take a few years to be at the competitive level. Even though we have a mixed team and low numbers we are doing well. Look for the underclassmen to pick it up in the next few years. All in all it has been fun and enjoyable.

Stepanik Finds Strength In the Pool

Evan Stepanik has been swimming ever since he was little. As you may know Suffield High has a large girls swim team, but a boys team has not been formed. However, the future is looking good. Evan swims for Windsor High in the winter season. Evan swims a variety of events but his best stroke by far is the butterfly. He excels at the butterfly and is known for it. Watch for Evan in the upcoming year.

Yearbook

Every year a new group of upper classmen get together and design their book of memories. The activity has been advised by Mrs. Deedy for the past three years. Designing the yearbook is not an easy task. Each student must become knowledgeable on designing layouts and using specific computer programs. Although it is strenuous work the result is something which will be admired for the rest of our lives.

Project 2000

Project 2000 is an activity designed by our very own Ms. Laemel (the previous Life Education Instructor). Her vision was to insure that the class of 2000, and those following would strive to be drug free. This is achieved by creating activities for the open list of members which are beneficial to both themselves and others. These include clothing drives during the cold winter months and speaking with both the Middle and Elementary school students about the benefits of being drug free. They also celebrate Red Ribbon Week, for safe driving, and they sponsor Prom Promise, to insure safe Junior and Senior proms. For the past three years Ms. Radziewicz and Mrs. Lombard have done an excellent job advising the club. They and many others deserve notice for their positive actions.

Haunted House

The annual Haunted House, sponsored by Student Council, was chaired this year by Junior Josh Friedman and Senior Michael Bloomrose. A change made this year was that Student Council members were not allowed to participate in haunting a room. Instead, they were assigned as advisors to the Haunted House groups. This helped to make the event run more smoothly.

Specially recognized that night were: "The funniest room," which included Russ Bombard, Mark Winiarski, Sean Garvey, Elisabeth Carew, Dan Goodman, and Natalie Noyes. "Best Scenery," was awarded to the funeral room made up of Lauren Rearick, Erin Menhennitt, Scot Braun, Krystal Blanchette, Julie Simmons, Jackie Sirois, Audrey Ouellette, and Ernie Begin. "Best Choreography," was given to the Mortuary which included Sarah Carney, Travis Corley, Todd Martin, Brian Gauthier, and Kristin Morse

According to Michael Bloomrose, "Everyone had a good time--that's what is really important."

National Honor Society

The National Honor Society is made up of 18 Juniors and Seniors. Members of the society are selected based upon their scholarship, leadership, character, and service. The National Honors Society takes part in three community projects each year. In addition, each member participates in an individual project. Over the past two years, projects have included the Volleyball Marathon, Habitat for Humanity, a Big Brothers and Big Sisters Rollerskating Party, "Readers are Leaders" at Bridge Street School, and a Sunrise Park Clean-up.

The Junior/Senior Semi-Formal took a trip back to the seventies this year. The theme was the classic Jackson 5 hit, "I'll Be There." Sophomore volunteers were on hand once again to collect tickets, check coats, and serve punch. Everyone had a blast visiting with friends and dancing the night away. A "thank you" goes out to the hard working Semi-Formal Committee members: co-chairs Adam Watkins and Michelle Before, Brett Cameron, Rita Leary, Kelly Young, Mary Zanol, Laura Ward, Elisabeth Carew, Christine Chmura, Arianne Semar, Leanne Crowley, and Stephen Foy.

This year Vocal and Camerata director Frank Pacocha had been honored at the Connecticut Music Educator's Association. Some students were elected to participate in the ACDA Honors Choir. These were seniors Jenn Wilson and Eryn Milliken, sophomore Deb Brennan, and freshman Geetha Mathews. There were also students selected to participate in the NCCC Music Festival, an annual event with ensembles made up from the surrounding towns of Canton, East Granby, East Windsor, Vernon, Somers, Ellington, Stafford, and Tolland. NCCC Chours participants were: Julia Baldini, Ernie Begin, Robert Carleton, Christine Chmura, Meghan Coates, Geetha Mathews, Eryn Milliken, James Rice, Evan Stepanek, Kerry Sweatland, Jenn Wilson, Mark Winiarski, and Mary Zanol. Band participants were: Tricia Capman, Kiley Gosselin, Sarah Frilingos, Jessica Hwang, Kristin Morse, Sarah Nicholson, Lauren Payne, Jeff Plourde, Janet Rice, and Garrett Westhoven. A big thanks to the directors Frank Pacocha and Joseph Miliore for a great year!

Prom Promise

Prom Promise is a week long activity that strives for the students to not drink on Prom Night. The week contains such programs as Mock-Tails, Kisses, Safety Pins, Dead Day, and an assembly. Every year the program is a little different but with the same purpose. Students sign a promise not to drink on Prom Night. This year the assembly demonstrated the dangers of drinking and driving through a game show theme. Chief Williams from the Suffield Police Department, Jen Brewster, and Pat Bland from Nation Wide Insurance spoke on behalf of the topic. Apparently the week of activities and programs worked, since there were no problems on Prom Night.

Junior Prom

April 25, 1997

"Angel Eyes"

For the first time the Junior Prom was held at the Springfield Marriot, rather than at Chez Josef. The decorations were sufficient enough to make the class forget about the lacking talent of the D.J. The class of 1998 was neither completely thrilled or disappointed with the overall quality of the Prom, yet the majority of students can agree that the night was different than anything they had previously attended. There was dancing, eating, and many good conversations. The teachers as well as the students "busted a move" out on the crowded dance floor. Overall, the Junior Prom was a night none of the attendees will ever forget.

Suffield on the Green

On any normal day, the people of Suffield drive by the green in the center of town. However, when the Suffield on the Green weekend arrives in September, virtually everyone stops and takes part in the festival. Adults, teenagers, and children crowd the green from the gazebo to the Hatheway House. Besides talking and eating, they buy items at the craft fair, play games at the class booths, visit information booths, or walk across the Boy Scout's famous rope bridge. On these two days, the people of Suffield (as well as people from other towns) come together and enjoy the town's major event, Suffield on the Green. Suffield on the Green is sponsored by the Friends of Suffield organization who use the proceeds from this weekend to contribute to other Suffield activities and scholarships.

Science Fair

Last Spring, something new and different happened in our halls. In an attempt to promote year-long projects, our SHS science teacher's hosted a fair specific to their subject. Students, teachers and parents were given the opportunity to get together and see what science students have learned all year. This project had been carefully thought out. From day one, every science class student had one project to which they were assigned to for a number of hours per week. Students both proved and disproved their own ideas. From the crowded halls and interested faces on the evening that the fair occurred, our hypothesis is that this concept will be here for years to come.

Talent Show

This year's Talent Show was not very successful and had some problems. There was a little bit of confusion about who could attend and when non-Suffield High students showed up, they were not let in the door. The talent, however, was exceptional, everyone did a wonderful job in the show. The "Mail Man" surprised the crowd when he preformed "The House of the Rising Sun". Other guests, including past seniors, held the audience for the show, after they got in the door.
